

PeerJ Resubmission Checklist

3 key documents

- **Rebuttal letter**
 - **Every change request responded to** (from editor and reviewers).
 - Point-by-point structure ([more info](#)).
- **Revised manuscript with tracked changes**
 - Identical to revised manuscript, but with all changes highlighted.
 - Tracked changes must be computer-generated (not manually added).
 - Add with *latexdiff* tool (or similar).
- **Revised manuscript**
 - Clean new version of manuscript with no tracked changes.
 - Submit as PDF

Manuscript

- **Make all the changes listed in your rebuttal letter.**
- [Author cover page](#).
- Includes line numbers.
- Acknowledgements section.
- Reference list (replace 'et al' with full author names - [endnote guide](#)).
- Equations are editable.
- **Remove (if present):**
 - Competing interests statements.
 - Funding statements.
 - Keywords.
 - Author contributions.
 - Supplemental files, and supplemental file text links, legends, titles or filenames.
- Figures and tables:
 - Embedded in your manuscript text (with titles and legends).
 - Uploaded as separate files.
- All figures and tables cited in correct order e.g. *Table/Figure 1* must be cited before *Table/Figure 2* and so on...

Authors

- Author details 100% correct for publication.
- Author details entered online **exactly match** those on your [author cover page](#).
- All authors have confirmed authorship.

Raw data or code

- Raw data or code submitted ([why?](#)). Either:
 - As a supplemental file, or
 - as a link to a repository ([recommended repositories](#)).
- Submit raw data or code used to generate stats, tables, figures etc. (inc. when generated, collected or analyzed by others).

Figures

- All figures uploaded in high quality (for publication in your final PDF).
- Authors hold copyright for all figures.
- Submit [written permission to use](#) any figures by a non-author.
- Photographs showing faces, either:
 - completely obscure their faces, or
 - submit a signed [permission letter](#) from each person whose face is shown.
- Figures use colors to differentiate elements for accessibility ([more info](#))
- No titles and legends in the image files.
- 900px minimum, 3000px maximum, on all sides.
- Minimal whitespace included (trim excessive whitespace).
- Upload EPS, PNG, JPG (photographs only) or PDF vector images (no PDF bitmaps).
- Files named with sequential numbering e.g. **Fig1.eps**, **Fig2.png**.
- Multipart figures combined as **alphabetically** labelled, single images e.g.

- Multipart figures that contain multipart figures, use continuous **alphabetic** labelling e.g.

Tables

- All tables are editable:
 - Submitted as a DOC, DOCX or equivalent.
 - **Do not** submit JPG or PDF tables within manuscript text.
- Named using sequential numbering e.g. **Table1.doc**, **Table2.doc**.

Supplemental files

- Titles entered (legends are optional).
 - Entered as a complete, publishable, descriptive sentence.
 - Doesn't include filetype (e.g. 'excel file').
- Authors hold copyright for all supplemental files.
- Submit [written permission to use](#) any supplemental files by a non-author.
- Large video files (> 30MB) submitted as a video link in the raw data declaration e.g.
 - 'Link to video of *Fgfr1* promoter driven GFP in the DG of P7 mice: [LINK]'

Funding statement

- Funding statement is complete. It must:
 - Declares **all** funding/sources of support (external and internal to your org).
 - Includes **all** financial and grant disclosure information.
 - Ends with the statement '*There was no additional external funding received for this study.*'
- Remove funding information from the manuscript text (if present).
